

# Technical Data Sheet

## Engine Stop Leak

Part Number 4625

Unit UPC 039101046242

Case UPC 039101146249

Johnsen's Engine Oil Stop Leak is a specially formulated oil additive designed to reduce or eliminate oil leaks from old worn seals and gaskets that have shrunk due to temperature or wear. Elastomeric seals contacted by hot oil tend to shrink, harden and become less pliable; as a result oil begins leaking out. One alternative is to replace all the leaking seals; another is to add Johnsen's Engine Oil Stop Leak. Johnsen's Engine Oil Stop Leak contains a synthetic seal swell additive to swell seals back to their original size and helps them regain pliability

## Physical Information

Flash Point	>200 °F
Boiling Point	>400 °F
Specific Gravity	.9
Appearance	Clear, Red Liquid
Odor	Mild Petroleum
Flammability	Low Flammability
Plastic Safe	Yes
Propellant	Not Applicable

## Shipping Information

Unit Weight	12.64 oz
Fill Size	12 fl oz
Units per Case	12
Case Weight	9.5 lbs
Case Cube	.43'
Cases Per Layer	22
Cases Per Pallet	88
Pallet Weight	876 lbs
DOT Proper Shipping	Not Regulated

## Regulatory Information

VOC %	Not Applicable
VOC category	Not Applicable
Compliant for CA	Yes
