ESSENTIAL CHEMISTRY. INNOVATIVE SOLUTIONS.

PRODUCT DATA SHEET – GlycoChill+ P200HD

PRODUCT

195006

SYNONYMS

Inhibited Propylene Glycol Heat Transfer Fluid

PRODUCT DESCRIPTION

GlycoChill+ P200HD contains straight propylene glycol, plus corrosion inhibitors. Product is dyed to industry standards. Formulated specifically for heavy duty applications.

PACKAGING AND SHIPPING

Available in carboys, drums, totes, and full bulk tank trucks.

CHEMICAL ANALYSIS

Chemical Analysis	*Specification*
Appearance	Clear, fluorescent yellow / green liquid free from foreign matter.
Specific Gravity (20 °C)	1.050 – 1.065
pH (50% Solution)	9.75 – 10.75
Reserve Alkalinity, ml	14 - 16
